**REQUEST FOR CORRECTED FILING RECEIPT AND  
SUBMISSION OF CORRECTED APPLICATION DATA SHEET**

Sir:

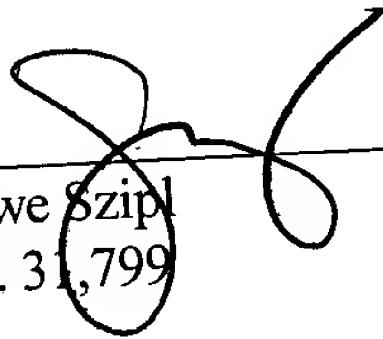

The applicants have received the official Filing Receipt (copy attached) regarding the above-captioned application. When reviewing the Filing Receipt for accuracy, an error was noted in the title, i.e., the title should be corrected to read --Method for Generating Moisture, Reactor for Generating Moisture, Method for Controlling Temperature of Reactor for Generating Moisture, and Method for Forming Platinum-Coated Catalyst Layer--, as evidenced by the Declaration filed with the application.

Additionally, it was noted that the Application Data Sheet filed with this divisional application contained two errors. First, in the Application Information on page 3, in Title Line Six, "for Generating" should be delete. Also on page 3, in the Continuity Information, the filing date should be corrected to read --**June 9, 1999**-- instead of "July 28, 2998". Attached hereto is a corrected Application Data Sheet making these changes.

In view of the above, it is respectfully requested that a corrected Filing Receipt correctly identifying the title of the application to **Method for Generating Moisture, Reactor for Generating Moisture, Method for Controlling Temperature of Reactor for Generating Moisture, and Method for Forming Platinum-Coated Catalyst Layer** be promptly forwarded to the undersigned attorneys for applicants.

Respectfully submitted,
